

# PRESIDENT BUSH, CREATING A PALESTINIAN ARAB STATE MEANS CREATING A NEW TERRORIST STATE

## IRAQ, SYRIA, AND LIBYA WERE GIVEN SOVEREIGNTY. THAT DIDN'T TURN THEM INTO PEACE-LOVING NATIONS.

*In his June 24, 2002 speech, President Bush spelled out specific conditions that the Palestinian Arabs must fulfill before the U.S. will support giving them a state. Here's what happened since:*

**BUSH'S CONDITION:** They must "engage in a sustained fight against the terrorists and dismantle their infrastructure."

**THE PALESTINIAN ARABS' RECORD:** They haven't arrested terrorists, outlawed terror groups, shut down bomb factories, or confiscated the terrorists' tens of thousands of weapons. The Palestinian Authority (PA) itself regularly orders, pays for, and glorifies the murders of Israelis.

**BUSH'S CONDITION:** They must "end incitement to violence in official media and publicly denounce homicide bombings."

**THE PALESTINIAN ARABS' RECORD:** The PA promotes a culture of anti-Jewish and anti-American hatred in its media, schools, summer camps, officials' speeches, and sermons by PA-appointed clergymen.

**BUSH'S CONDITION:** They must "elect new leaders, leaders not compromised by terror."

**THE PALESTINIAN ARABS' RECORD:** Yasir Arafat and other arch-terrorists are still the leaders of the PA, and the "new" cabinet Arafat recently appointed consists almost entirely of his previous cabinet ministers.

**BUSH'S CONDITION:** They must "build a practicing democracy based on tolerance and liberty."

**THE PALESTINIAN ARABS' RECORD:** Newspapers that dissent from Arafat's line are suppressed ... Women are treated as second-class citizens ... Christians are persecuted and pressured to emigrate ... Jewish holy sites are desecrated.

Mr. President, please don't ignore the Palestinian Arabs' record of violating your conditions. Giving the Palestinian Arabs a sovereign state will only strengthen their underlying culture of hatred and violence. It will enable them to bring in troops and advanced weaponry from Iran, Iraq, and other terror regimes, as well as shoulder-launched missiles—like the ones recently fired at an Israeli airplane in Kenya—which will threaten every plane taking off from Israel's airports.

No wonder a recent poll by Israel's most respected polling agency, the Hanoch Smith Institute, found 68% of Israelis believe that "regardless of the size or strength of a Palestinian State, if one is established it will constitute a threat to the State of Israel."
